PREPARED FOR: _____

Don't find $1,000 in documented leaks?
The pilot is free — and you keep every finding.

We scan YOUR records.
Every dollar traces to a real job.

Your trucks did the work. Somewhere between the job and the invoice, money is leaking.

CUE reads your own field-service records and shows exactly where the revenue drains: unbilled calls, quote requests nobody followed up, agreements never offered. **CUE prepares. You decide.**

$6,431
UNBILLED SERVICE CALLS (OLDEST 14 DAYS)

$99,360
QUOTE REQUESTS WITH ZERO FOLLOW-UP

$75,400
EQUIPMENT QUOTES PAST THE 30-DAY WINDOW

What CUE catches in your shop

- **Completed calls, never invoiced** — flagged against your own same-day rule, record attached.
- **Quote requests gone cold** — no-cool and replacement shoppers call the next company within 48h; CUE shows who's waiting and what they're worth.
- **Agreement revenue left on the table** — every repair visit that deserved a maintenance-agreement offer, tracked to the tech.
